Objective

To be the ideal candidate, to work in a friendly, collaborative environment where I can consistently contribute, using user-centric design and programming methods within my disposal to communicate visually, clearly, creatively and with impact.

Nationality

British

Profile

I have excellent taste in creativity or programming and enjoy the process of iteration to achieve the best solution, never settling for "good enough." Visit <http://www.digitizethis.co.uk/work/web-design/> to see work samples. **Below are my highlights:**

- A highly self-motivated and goal-oriented creative professional with up to 10 years of professional design experience and over 8 years in building **Responsive Websites** or **Single Page Applications** from conception to rollout (*Greenfield*).
- Leveraging **Angular 6-18+** or **AngularJS 1.5+**, **ReactJS 14-18+**, **TypeScript**, **HTML5**, **CSS3**, **SASS**, **TailWind**, **Bootstrap** & **Node**.
- Hands on Experience with integrating **RESTful API** services with **AWS / Azure** plus **SSR** integration either with **NextJS** or **Angular SSR**.
- Experience with **Data Visualisation** using **D3.js / Chart.js** plus proficiency with **Responsive Design & Wireframing** for **UX designs**.
- Experience **Prototyping** with **Figma**, **Sketch**, **Adobe®XD**, **HTML** and **CSS** as well as with the full **Adobe®Creative Cloud** toolset.
- Expertise in **CMS** integration using **Concrete5®+ CMS**, **Kentico**, **Contentful** or **WordPress™**, **Shopify** plus **Laravel** & **PHP**.
- Exceptional **Bug fixing**, cross browser/device testing, decision-making and debugging skills using **Chrome Dev Tools** or **iOS simulator**.
- Experience working via **Agile** Software Development LifeCycle using containerization or pipeline tools like **Docker** or **Jenkins** respectively.
- Responsible, well organized, able to prioritize multiple projects and meet deadlines.
- Good team player. Totally energized by any dynamic cross-cultural team work.

Software & Technical Skills

DEVELOPMENT & DESIGN APPLICATIONS

- TypeScript / ES5-ES6+ / Angular 2-18+ / AngularJS / ReactJS / jQuery
- HTML5 and CSS3, LESS or SASS, Redux, GraphQL, Thunk, Swagger API
- NodeJS, GIT, Gulp/Grunt, Webpack, Bower, ExpressJS, Cypress
- TDD using Karma with Jasmine, Jest, Enzyme, ReactTL & Protractor
- D3.JS / ChartJS / FusionCharts / FlotJS / AG-Grid, Selenium
- Bootstrap3+, Skeleton, Foundation, TailWindCSS, Figma, Sketch
- Concrete5® / WordPress™ / Kentico / Contentful / Shopify / Magento
- PHP, Laravel, SQL, MySQL, MongoDB databases, SSR, NextJS and SEO
- CreateJS, ThreeJS, Flash, DoubleClickStudio, SharePoint
- Sublime Text / VS Code / Adobe Dreamweaver versions 3 to CC
- Adobe PhotoShop versions 6 to CC, Adobe®XD & UXPin
- Adobe Flash versions 5 to CC / Adobe Fireworks versions 3 to CS5
- Adobe Illustrator versions 8.0 to CC & Adobe Acrobat Professional
- Adobe AfterEffects CC / Premier Pro
- Apple iWorks - Keynote, Pages & Numbers

OPERATING SYSTEMS

- Apple Mac OS+
- Windows 7+

SKILL LEVEL - MAC OR PC

Baseline Skill Level Maximum = (100%)

TypeScript / Javascript / ReactJS / Redux / GraphQL / AngularJS / Angular 6 -18+

HTML / HTML5 / XML / JSON / jQuery

CSS2 / CSS3 / LESS / SASS

Twitter Bootstrap / TailwindCSS / Skeleton / Foundation / Material Design

PHP / Laravel / MySQL / SQL / MongoDB / NextJS / SSR

D3.JS / Chart.JS / FusionCharts / Flot.JS / AG-Grid

Concrete5® / WordPress™ / Kentico CMS / Contentful / Shopify

Adobe Flash, Adobe AfterEffects, CreateJS, ThreeJS

NodeJS / Gulp / Grunt / WebPack / YeoMan / Cypress / Selenium / GIT

Adobe Photoshop / Adobe Illustrator / Figma / Sketch / Adobe XD / UXPin

Microsoft Word, Excel, PowerPoint/ Apple iWorks - Keynote, Pages, Numbers

Education

- Maya 3D Foundation Cert.Training Course Nashville, USA (2004)
- Web and CGI Career Course, City & Islington College, London (2001- 2002)
- Desktop Publishing Diploma Cert, KC Computer Training College (1998)

Qualifications

- Maya 3D Foundation Certificate (2004)
- PGD - Post Graduate Diploma in DeskTop Publishing (1998)
- BSc Maths & Statistics, University of Lagos (1992-96)
- High School Certificate & GCSE's (Passed with A's) (1984-90)

Work Experience: <http://www.digitizethis.co.uk/work/web-design/>

JUL 06, 2024 - SEPT 16, 2024

WEB DEVELOPER - COMPUGRAFIX LTD - [PRIVATE VENTURE] - VISIT WWW.COMPUGRAFIX.CO.UK

Built a **CMS** website for a Signage company using **Concrete CMS 9**, **Laravel & PHP**. Tech includes **JavaScript, jQuery, HTML5, CSS3, SASS, Bootstrap, Shopify, Node & Git**.

FEB 06, 2023 - OCT 31, 2023

ANGULAR DEVELOPER - NATWEST GROUP - [ANGULAR CONTRACT - 9 MONTHS]

Worked for the **NatWest Group**, on a number of projects built in **AngularJS (1.6.x/1.7.x /1.8.x)** and **Angular 12.2.6.x+**. 'Rebuilt an **AngularJS**, data-driven intranet Payroll Management System, enabling in-house payroll staff to conveniently automate financial calculation operations & transformations of uploaded Excel/CSV files as readily available downloadable outputs. Tech used includes **TypeScript, JavaScript, RXJS, NGRX, ES6, HTML5, CSS3, SASS, Bootstrap, ChartJS, Git, Express, NodeJS & SharePoint**.

DEC 02, 2021 - AUG 12, 2022

REACTJS SOFTWARE ENGINEER - S64 CAPITAL INNOVATION LTD - [REACT CONTRACT - 9 MONTHS]

Worked on a **Greenfield** project for **S64** on behalf of **DeutscheBank** within an **Agile-Azure** environ, creating a brand new product data and client driven **dynamic intra-net CRUD** based **Dashboard** experience leveraging **React 17.x+** with **React Hooks**. 'Implemented Data Visualisation with **ChartJS** leveraging **TypeScript** consuming **RESTful API** endpoints via a **NodeJS back-end**. Tech includes **HTML5, CSS3, Formik, TailwindCSS, ChartJS, StoryBook, Figma** and **GIT, Express & NodeJS**.

MAY 24, 2021 - SEPTEMBER 30, 2021

ANGULAR SOFTWARE DEVELOPER - ASHFIELD HEALTHCARE - [ANGULAR CONTRACT - 4 MONTHS]

Worked on a **Greenfield** project for **Ashfield Healthcare**, integrating a full-featured **RingCentral** softphone widget into an **Angular 11** SPA enabling two-way communication between RingCentral and the app with click-to-dial, inbound screen-pop & call logging capabilities. 'Implemented **Data-Vis** in dashboard using **Material Design & Ng2-charts** leveraging **Interceptors** for **authentication**, consuming **RESTful APIs** for **Template Driven Forms** & data tables. Tech includes **HTML5, CSS3, SASS, GIT, Express** and **NodeJS**.

APRIL 16, 2021 - MAY 18, 2021

FRONT END DEVELOPER - REDWEB - [CONTRACT - 1 MONTH]

Worked as part of **RedWeb's** delivery team on components for leading UK charity - **RNLI**, providing support for existing client web sites like the **NHS** - implementing **Accessibility WAI-ARIA**, optimising page load speeds leveraging **Javascript, TypeScript** with **AngularJS, HTML5, SASS, CSS3, NodeJS** plus the use of **Jira** for task & ticket management.

JAN 04, 2021 - APRIL 04, 2021

FRONT END DEVELOPER - UBS INVESTMENT BANK - [CONTRACT - 3 MONTHS]

Worked on a **Greenfield** project for **UBS** within an **Agile** Dev Team creating a brand new & **dynamic intra-net** data-driven **CRUD** based **Dashboard** experience leveraging **React 16.8+** with **Hooks** and **Redux** with **TypeScript** consuming **RESTful APIs** via **CosmosDB** with **Tableau** based charts, forms and data tables. 'Built a "**Comments**" widget for exchange of comments & remarks between users. Tech used includes **HTML5, CSS3, SASS, React Testing Library, Bootstrap4, GoJS, FusionCharts, GIT, Express & NodeJS**.

MAR 02, 2020 - APRIL 30, 2020 - (INITIALLY 1 MTH - EXTENDED)

FRONT END DEVELOPER - ROLLS ROYCE - [CONTRACT - 2 MONTHS]

Worked on a **Greenfield** project for **RollsRoyce** via **JPyramid** creating a new user dynamic **CRUD** based **Dashboard** experience leveraging **Angular 8 & TypeScript** to consume **RESTful APIs** via **Azure Cloud** with **Reactive forms, D3.js** based **Charts & AG-Grid** Tabular displays. Tech included - **HTML5, CSS3, SASS, Bootstrap4, GIT & NodeJS**.

OCT 02, 2019 - DEC 22, 2019 - (UP TO 2 MTHS)

FRONT END DEVELOPER - CONVERSITY LTD - [CONTRACT - 2 MONTHS]

Responsible during the **festive** period for coding brand new features like a data-driven **CRUD** based SPA using **AngularJS 1.3.x** consuming **RESTful API** via **AWS Cloud Service** using **\$resource** with heavy accordion-wrapped nested forms & tabular displays **plus a SignaturePad** Driven experience for tech giants **BT & EE**. Tech includes - **HTML5, CSS3, Bootstrap3, AWS (Amazon Web Services portfolio - DynamoDB, S3) ElasticSearch**, Containerization with **Docker, Kubernetes, jQuery, NodeJS, Gulp**, and **GIT**.

AUG 30, 2019 - SEPTEMBER 12, 2019

FRONT END DEVELOPER - SOFTWARE ALLIANCE - [CONTRACT - UP TO 2 WEEKS]

Responsible for **bug fixes** in **AngularJS 1.6.4** application consuming **RESTful API** endpoints for data tables. Tech includes **HTML5, CSS3, Bootstrap3, SASS, Gulp, GIT & Node**.

MAR 13, 2019 - AUG 13, 2019

FRONT END DEVELOPER - RENAULT RCI BANK DIGITAL - [CONTRACT - 6 MONTHS]

Responsible for creating new UI features and **bug fixes** on two **SPA** builds using **Angular 6** with **TypeScript** for one build and **AngularJS 1.5.x** with **Restangular** for the other, both consuming **RESTful API** endpoints. Other tech include **HTML5, CSS3, Bootstrap3, SASS, JavaScript, Gulp, GIT, AngularCLI, Swagger™** and **NodeJS**.

MAY 02, 2017 - DEC 28, 2018

FRONT END DEVELOPER - LLOYDS BANK DIGITAL - [CONTRACT - 18 MONTHS]

Responsible for the UI components in SPA builds using the JavaScript framework **ReactJS 14.8** with **Redux** and **Thunk** or using **Flux** (for older React projects), **Babel**, **RESTful APIs**, **Jasmine, Jenkins, ExpressJS, WebPack, Selenium, Cypress** and **NodeJS**. Additional responsibility involved numerous **bug fixing** tasks on much older **Flux** based React projects. Other tech include **HTML5, CSS3, SASS, Bootstrap3, jQuery, D3.js, Gulp, GIT** and **Adobe® PhotoShop®**.

NOVEMBER 27, 2016 - FEBRUARY 10, 2017

FRONT END DEVELOPER - LGC - MET POLICE - [CONTRACT]

Worked for the National Science Laboratory Organisation on behalf of the **Metropolitan Police**. Responsible for the Front-End UI prototype and the eventual **MEAN Stack** single page application (SPA) build using **JavaScript** framework **AngularJS 1.6, ExpressJS** and **NodeJS**. Other tools include **HTML5, CSS3, SASS, jQuery, Gulp, GIT** and **SQL**.

APRIL 27, 2016 - AUGUST 31, 2016

FRONT END DEVELOPER - THINKMARKETS - [CONTRACT 4 MONTHS]

Worked for an Online Financial Trading Company specializing in Forex and CFDs with offices in London, Chicago and Melbourne. Responsible for **Agile** based **Greenfield project - User Interface** build aiding the design and marketing teams. **HTML5, CSS3, SASS, jQuery, JavaScript, Zurb Foundation, NodeJS, Gulp, GIT, SEO** and **Kentico CMS**.

MARCH 02 2016 - APRIL 20, 2016

FRONT END DEVELOPER - BSKYB SCHAWK SKY WORKS - [CONTRACT 2 MONTHS]

Programming and coding **NOW TV** and **SKY Movies** **HTML5** Banner Ads to support marketing campaigns for **SKY**, using **CreateJS** and **JavaScript** which gets uploaded via **DoubleClickStudio**. **HTML5, CSS3, JavaScript, CreateJS lib, GIT PhotoShop®**.
